Yesterday Mark Farber contacted me, and stated that there was a Response to the November 6, 2001 Restriction Requirement filed on November 20, 2001, and that the application should not be abandoned.

Today, I contacted the receptionist at the PTO again regarding the status of the application (703-308-0197). She stated that an Office Action was mailed on November 6, 2001, but a Response was not in the system. However, the application was definitely not abandoned. She stated that the file recently went to PTO docketing, and they were just now (likely) putting the Response in the file because they were "really far behind." She said that I should call back in a couple weeks to confirm that the Response had been put in the file.
